WHITE CAP #8**UTU-68019*

## FAX MEMORANDUM

DATE: February 27, 1995  
TO: Neil Simmons, BLM-Price (637-4584)  
FROM: Curtis Larkin, GRD  
REFERENCE: Gypsum Mining Claims in Emery County

*GYPSUM  
RESOURCE  
DEVELOPMENT*

Please be advised that the gypsum claims controlled by GRD in Emery County had been held simultaneously under a lease of claims staked by Clark Powell and his associates and under a separate staking by Cannon Industries. Subsequently, the claims staked by Cannon Industries have been dropped. Therefore, for identification by the BLM, the GRD controlled claims are properly referenced as the White Cap claims of Clark Powell (including Claudette, Corey and Randy Clark and others). More specifically, the disturbed area of the existing mining operations involve the White Cap #8 claim.

If additional information is needed, please contact me at 328-3100 or contact Jim Ariotti at 687-9841.

Thank you.
